

NG Soldier Needs Kidney Donation

There is a Minnesota Army National Guard Soldier who served 29 Honorable years that is in dire need of a kidney transplant. The individuals that he has had tested haven't worked out in his favor.

Basically, the only requirement to get screened is:

***** A healthy individual with O+ Blood that is willing to donate a kidney. *****

Please use the contact information below and MSG Vogel will get you in touch with the correct individuals. Thanks so much for your consideration and feel free to share on social media.
